

## CAPE ROSÉ 2020

Range: Vineyard Collection  
Cultivar(s): Malbec, Merlot  
Origin: Stellenbosch

---

### TASTING NOTES

Fresh, fruity and easy drinking. This wine showcases the vibrant red fruit profile of Malbec and Merlot in a style suitable for every day enjoyment. A delicate wine with luscious watermelon and grapefruit flavours.

### VINEYARD FACTS

The Merlot block we selected is an Italian clone with a juicier flavour profile, ideal for this wine. Both the Merlot and the Malbec blocks face South West. This is a cooler slope and thus has a gentler ripening period, which is perfect for this wine style.

### WINEMAKING

The base for this wine is made on a method the French call Saignée. Red grapes are destemmed and crushed allowing colour and flavour to be extracted swiftly. After a few hours of cold maceration, the juice for this Rosé is taken off the skins and fermented with a specially selected yeast strain. This method ensures bolder flavours and a vibrant red colour. After fermentation, a dash of Sauvignon blanc was blended in to further enhance the flavour profile.

### ANALYSIS

Alc.: 12.0 %    RS: 2.3 g/l    TA: 6.1 g/l    pH: 3.54
